### TASK 1A: Reading

#### T (True), F (False) or DS (Doesn't Say)

- |  |          |          |           |
|--|----------|----------|-----------|
| 1. In the UK people's faces are being scanned through street cameras.                        | T        | F        | <b>DS</b> |
| 2. Up to now people had little knowledge about their scanned data.                           | <b>T</b> | F        | DS        |
| 3. Microsoft sold people's data to the military and Chinese companies.                       | T        | F        | <b>DS</b> |
| 4. IBM had secretly taken online photos from Flickr.   | T        | <b>F</b> | DS        |
| 5. Facewatch has already signed deals with the British police.                               | T        | <b>F</b> | DS        |
| 6. The numerous cameras in the UK might help to catch criminals.                             | <b>T</b> | F        | DS        |
| 7. Over half of the population might falsely be accused of a crime.                          | T        | F        | <b>DS</b> |
| 8. Face scans can be changed as easily as usernames and passwords.                           | T        | <b>F</b> | DS        |
| 9. Facial recognition is now used less often in the UK.                                      | T        | <b>F</b> | DS        |
| 10. People's faces, as well as their DNA and fingerprints, are protected by the British law. | T        | <b>F</b> | DS        |

Points: \_\_\_\_\_/10
